

I love the fact the Indiana has gotten the telemarketers off of my phone!
Thank-You Indiana!!!!

have never purchased anything from a telemarketer and I feel if no one should!
I pay for my phone and until the telemarketers want to do that I will hang up on them.

Stay off of my phone and computer. If I want to buy something I can look for it myself.

Thank-You Indiana for taking them off. Please do not change this as I am really happy it have gotten rid of the anoying calls.
